SHORT BUT EXPLICIT

Was President Roosevelt's Message to Congress.

Urges Action in Cuban Commercial Treaty Matter and Gives His Reasons.

ENCOURAGES NEW REPUBLIC

Washington, Nov. 11.—The following message was yesterday sent by the president to the extraordinary session of congress:

"To the Senate and House of Representatives—I have convened the congress that it may consider the legislation necessary to put into operation the commercial treaty with Cuba, which was ratified by the senate at its last session and subsequently by the Cuban government. I deem such legislation demanded not only by our interest, but by our honor. We cannot with propriety abandon the course upon which we have so wisely embarked. When the acceptance of the Platt amendment was required from Cuba by the action of congress of the United States, this government thereby definitely committed itself to the policy of treating Cuba as occupying a unique position as regards this country.

"It was provided that when the island became a free and independent republic she should stand in such close relations with us as in certain respects to come within our system of international policy; and it necessarily followed that she must also to a certain degree become included within the lines of our economic policy.

"Situated as Cuba is it would not be possible for this country to permit the strategic abuse of the plan by any foreign military power. It is for this reason that certain limitations have been imposed upon her financial policy and that naval stations have been conceded by her to the United States.

"The negotiations as to the details of these naval stations are on the eve of completion. They are so situated as to prevent any idea that there is the intention ever to use them against Cuba, or otherwise than for the protection of Cuba from the assaults of foreign foes, and for the better safeguarding of American interests in the waters south of us.

"These interests have been largely increased by the consequences of the war with Spain and will be still further increased by the building of the isthmian canal. They are both military and economic.

"The granting to us by Cuba of the naval stations above alluded to is of the utmost importance from a military standpoint and if proof of the good faith with which Cuba is treating us.

"Cuba has made great progress since her independence was established. She has advanced steadily in every way. She already stands high among her sister republics of the new world. She is loyally observing her obligations to us, and she is entitled to like treatment by us.

"The treaty submitted to you for approval secures to the United States economic advantages as great as those given to Cuba. Not an American interest is sacrificed. By the treaty a large Cuban market is secured to our producers. It is a market which lies at our doors which is already large, which is capable of great expansion and which it is especially important to the development of our export trade it would be indeed shortsighted for us

SALARIES CUT DOWN

State Fair Association President to Receive Nothing.

San Domingo Is Being Shelled—Thus Far Hunter Is in the Lead in Eleventh District.

BUTCHERS ON A STRIKE

SALARIES ELIMINATED.

Louisville, Ky., Nov. 11.—The stockholders of the Kentucky Livestock Breeders' association have decided to eliminate the salary of \$1,000 per year paid to the president of the state fair association and also the \$10 per day paid to directors for attendance at the state fair, in the future. The action was taken at a meeting and over the protest of President Dorsey.

DEMOCRAT HAS MAJORITY.

Jackson, Ky., Nov. 11.—Official returns from Breathitt, Lee and Magoffin composing the ninety-second legislative district, give Day, Democrat, a majority of 8 over Spicer, the republican.

THE EDITOR FINED.

Lexington, Ky., Nov. 11.—Editor W. P. Walton was today fined \$25 and costs for assaulting his foreman, Clark Griffith. The trouble came up over an account.

HUNTER LEADS.

Louisville, Ky., Nov. 11.—The returns so far show that Hunter is 725 ahead of Edwards. Whitley and Laurel are still incomplete.

BUTCHERS ON STRIKE.

Cincinnati, O., Nov. 11.—Upwards of eight hundred butchers are out on a strike here, more money having been demanded and refused.

SHELLING THE TOWN.

San Domingo, Nov. 11.—This place is being closely besieged by the revolutionists and shells are falling into the city.

RELEASED ON BOND.

Albert Dickerson, white, charged with the theft of lumber from a bridge on the Cairo road, gave a \$100 bond this morning and was released from custody. He is well known and his friends say the arrest is the result of a mistake and that he will come out all right in the trial.

to refuse to take advantage of such opportunity and to force Cuba into making arrangements with other countries to our disadvantage.

"This reciprocity treaty stands by itself. It is demanded on consideration of broad national policy as well as by our economic interest. It will do harm to no industry. It will benefit many industries. It is in the interest of our people as a whole, both because of its importance from the broad standpoint of international policy and because economically it intimately concerns us to develop and secure the rich Cuban market for our farmers, artisans, merchants and manufacturers.

"Finally, it is desirable as a guaranty of the good faith of our nation toward her younger sister republic to the south, whose welfare must ever be closely bound with ours. We gave her liberty. We are knit to her by memories of the blood and the courage of our soldiers who fought for her in war; by the memories of the wisdom and integrity of our administrators who have saved her in peace and who started her so well on the difficult path of self-government. We must help her onward and upward, and in helping her we shall help ourselves.

"The foregoing considerations caused the negotiations of the treaty with Cuba and its ratification by the senate. They now with equal force support the legislation by the congress which by the terms of the treaty is necessary to render it operative. A failure to enact such legislation would come perilously near a repudiation of the pledged faith of the nation.

"I transmit herewith the treaty, as amended by the senate and ratified by the Cuban government.

"THEODORE ROOSEVELT."

White House, Nov. 10, 1903.

"Arose at 7 and wrote in diary."

"After which had my hair dressed and hoofs manicured. Read morning paper to see if I had any new records to beat. Ate some oats. Mr. Billings called and asked if I cared to go outdriving."

"Had a pleasant drive—incidentally lowered world's record for the seventeenth time. Told Mr. Billings that we would go out again some day and trot a mile in earnest."

ROBBERS GET BOLD

Residents of West Tennessee Street Afraid to go Out.

Hold Ups and Petty Thefts Reported By Several People.

POLICE PROTECTION WANTED

The residents of Worten's addition and vicinity near Tennessee and 16th streets, are greatly alarmed over the boldness of negroes and tramps who have been perpetrating small robberies and holdups in that section for the past few nights. They are beginning to demand that the police force be increased and a man or two sent out to look after that portion of the city.

On Sunday night some unknown man reported that he was robbed of a small amount, fortunately less than a dollar, by a negro who held him up near the railroad track and forcibly took the money from him.

Following this, on Monday night, Charles Brazil, a small 12 year old boy, was sent to the grocery to buy 25 cents worth of meat and on his return was held up by a big negro who tried to make the boy give him money, but failing to find any after searching the lad's pockets took the meat he was carrying home.

Last night another robbery at the Tennessee street crossing was reported at Flagman Gibson's house, near that place, and the residents are becoming afraid to venture out.

Yesterday a family living at 1212 Tennessee streets was moving and a negro volunteered to aid in the work. Last night the house was entered and some clothing stolen and it is supposed that the negro did the work and volunteered his help in order to become acquainted with the location of what he wanted.

The merchandise store of Charles Michael on South Second street opposite the market house, was entered by thieves last night some time, and 10 or 12 pistols and two or three dark cases or grips were taken, the latter no doubt to carry off the plunder.

Entrance was gained through a rear window, and the value of the goods missed is \$100 or more. The police have discovered no clue to the identity of the thieves.

NOT HIS SON.

BOY WITH ARMLESS BEGGAR CAME HERE FROM SAWNEE TOWN, ILL.

The boy whom "Col." Jim Davis, the armless beggar serving a fine in the lockup, claimed as his son, was today found by the police. There were two with him, one about 18 or 20 years old who was given 60 days for stealing, and the other a boy about eight or ten.

The latter told the police when found that he had been with the man but a short time, and came here with him from Shawneetown, Ill., being promised "good times" and "easy money."

The boy will be sent home on the first Evansville packet.

Messrs. T. B. Bisland and J. H. Dodd, of Rose Clair, Ill., are in the city today on business. They are connected with the fluor spar mines.

HELD THE OFFICER

While Irvin Springer Got Away From Him.

The Police Find the Owner of the Stolen Cows a Few Hours too Late.

SUSPECTS HAD BEEN RELEASED

The police of Paducah were very much disgusted last evening to learn that Irvin Springer and Elmer Harley, who were arrested several days ago with two cows in their possession that were believed to be stolen, had been released too soon. They held the suspects several days without being able to find the owner of the cows, and after releasing them yesterday a farmer came in from the Lone Oak section of the county and identified the cows as two stolen from him. The animals had been left at the Terrell stable, and will be turned over to the owner. Meanwhile the police are very anxious to locate the two young men, against whom other charges may develop later on.

Last night after the police had been notified that a case had been made against the suspects, they set out to find them, and even went to the country to find Harley, but could not locate him.

Springer, however, was located last night about 6 o'clock on Huntingdon Row, at house No. 6, by Night Watchman Bailey, of the I. C. shops, and placed under arrest. Springer was bare headed when arrested and asked the officer to let him go to his sister's house nearby to secure his hat. The officer went with him and while standing in the room waiting for his man to secure the hat he claims he was seized by several women, and Springer was allowed to escape. Watchman Bailey struggled hard to escape and pursue but the women held on long enough to allow Springer to make good his escape.

RISE EXPECTED

There Was Much Happiness on Monkey Wrench Corner.

Plenty of Water By the 22d Is Now Predicted.

River men were standing around Monkey Wrench corner this morning with broad smiles on their faces and in the most jubilant frames of mind imaginable.

It was raining and raining hard too, and the harder it rained the broader became the smile of the river man, for it meant a break in the dry spell and work began looming up in the near future. There was much speculation as how much territory the rain covered and what section of the country was visited, but this cut no figure for it was raining and that was sufficient.

"I am expecting plenty of water by the 22d of this month," one river man stated. "but there might come a rise before that time and it may even come later. We all think this rain will be general and that the water will come flooding down on us in torrents and it can't come too soon, is all we have to say."

NO WRIT.

WILLIS MOUNT'S ATTORNEYS WILL ASK FOR NO BOND AT PRESENT.

It has been decided to make no motion for bail in the case of Willis Mount, charged with the murder of Willis Natty. He has now been in jail for several weeks, having been held without bail upon waiving examination. It was at first intended to take out a writ of habeas corpus, but this plan has been abandoned and the prisoner will wait for the action of the grand jury.

MORTUARY RECORD

Mrs. E. Moore an Old Resident, Dies Here.

Ben Green, a Well Known Paducah Ship Carpenter, Dies in Graves.

OTHER LATE DEATHS.

Mrs. Elizabeth Moore, aged 89, died yesterday afternoon at 4 o'clock at the home of Mrs. Laura Moss, 1251 Trimble street from general debility. The deceased was born at Taylorsville, Ky., but had resided in Paducah for 53 years, and was one of the best known women here, and one of the most charitable. For the past several years she had been rapidly declining and for two weeks past had been unable to leave her bed. The funeral will take place tomorrow afternoon at 2 o'clock from the residence, burial at Oak Grove.

Mr. Benjamin Green, a well known ship carpenter, died last night at the home of his sister at Symsonia, Graves county from congestion of the bowels. The deceased was 58 years old and unmarried, and was born and reared in Paducah and had lived here all his life. He became ill about the 1st of last July and had since been slowly declining. He left Paducah three weeks ago to visit his sister and became gradually worse.

The deceased leaves one brother here, Mr. George Green, and two sisters, Mrs. Mollie Brush, of Palma, Marshall county, and Mrs. Sarah Raper, of Graves, at whose home he died. The funeral took place this afternoon at 2 o'clock from the Clark's river church, in Graves county, burial at the family burial ground.

Mr. Joe King, aged 40 years, died yesterday afternoon at his home at Little Cypress, Marshall county, from kidney disease. He was one of the best known men in the county and leaves to mourn his loss, a wife and several children. The funeral took place this afternoon, burial at the family burying ground.

The remains of Mrs. Nancy Clark were taken to Benton this morning for burial. Messrs. Mann Clark, Dick Clark, Tom Clark, Ed Clark, James Collins, Ed Eaker and Lucian Durrett accompanied the body and attended the funeral. The interment took place in a cemetery near Benton.

The infant child of Mr. and Mrs. Boone Sanderson, aged six months, of the Massac section, died last night from bronchitis and the remains were today interred at the Mayfield cemetery in Carlisle county.

The infant of E. F. Adams, aged one month died this morning on the Mayfield road. The burial took place this afternoon at Mt. Kenton.

TAKEN TO SMITHLAND

ROBERT BARNETT CAPTURED NEAR MARION, KY.

Robert Barnett, of Smithland, Ky., was brought to the city last night from Marion, Ky., by Sheriff Bush and will tomorrow be taken back to Smithland to answer to the charge of detaining a woman against her will.

Barnett is alleged to have committed this crime some time ago and claims that "they" told him if he left that portion of the county it would be all right, and he would not be prosecuted. He accordingly left and was working in a spar mine at Marion when arrested. He was placed in jail here and will remain there until a boat leaves for Smithland.

A STRANGE DISEASE.

New York, Nov. 11.—A strange and fatal disease has become epidemic in the adjacent village of Helmetta, N. J. The disease is accompanied by symptoms usual in scarlet fever cases, but its progress is much more rapid. In some cases death has ensued in three days and the doctors so far have been unable to diagnose it. Seven deaths have occurred.

Mr. J. J. Dufour, of New York is at the Palmer.

State Fair Guarantors Will Not Pay
—A Railroad Tricycle Near Pineville Struck By Engine.

OTHER NEWS OF THE STATE

UP WITH THE DOCKET.

Frankfort, Ky., Nov. 11—Chief Justice Burnam announced at yesterday's session of the court of appeals that the court was up with its docket and that briefs in cases on appeals must be promptly filed. This is the first time in the memory of present practitioners this has been the case. D. W. Fairleigh, who was in the court, remarked on the statement and congratulated the court on behalf of the bar. This has been made possible by additional stenographers and law clerk, who have nearly doubled the facility of the court in writing opinions.

STRUCK RAILROAD TRICYCLE.

Pineville, Ky., Nov. 11—While returning to Straight Creek mines on a railroad tricycle Mr. Wood, superintendent; Mr. Colten, bookkeeper, and J. S. Ward, mine physician, met the coal company's engine coming around a curve with the tender ahead and no light out. The tricycle was completely demolished. Mr. Wood and Colten escaped without serious injuries, but Dr. Ward was struck and dragged some distance, being terribly bruised and injured. He has been in a semi-conscious state ever since and it is thought he cannot recover. The engine had been stolen out by the negro who looked after it. He has disappeared.

GUARANTORS WILL NOT PAY.

Owensboro, Ky., Nov. 11—The guarantors to the state fair held in this city decided to resist the payment of the deficit, which amounts to nearly \$12,000. T. A. Pedley, an expert accountant who went over the books of the association, said that he saw enough to convince him that there had been gross negligence in the management of the affairs of the association and an unnecessary expenditure of money.

POSTMASTER WEDS.

Danville, Ky., Nov. 11—Postmaster E. B. Linney has surprised his friends by announcing his marriage to Miss Hattie Hardesty, of Lexington, which took place last Sunday at the home of the bride's father in Lexington. Mr. Linney had been a widower for thirteen years, and is the father of a large family. He is serving his third term as postmaster and is immensely popular with both parties.

SUIT AGAINST MINE.

Hopkinsville, Ky., Nov. 11—The administrator of Birch Jackson, a miner who was killed by falling slate late last June, has filed suit against the Empire Coal and Mining company for \$15,000 damages. Mitchell Lynch, who alleges he was injured in the same accident, sues the company for \$12,500.

NEW LOOK COMPLETE.

Valley View, Ky., Nov. 11—The lock and dam in the Kentucky river at this place, which has been under construction for three years, is completed. Water has begun to "pool," which will throw slack water a few miles above Ford.

A Bill Has Been Introduced to Re-establish it.

Kentuckians Draw Good Seats in Congress—Ladies Close Illinois Saloons.

GOVERNMENT AFTER WHITECAP

RE-ESTABLISH CANTEN.

Washington, Nov. 11—One of the new bills introduced is to provide for the re-establishment of the canteen in the army.

On the canteen bill, Mr. Bartholdt, of Missouri, said that it was the sentiment of the officials of the war department, from the secretary down to the commanding officers, that the canteen should be re-established, as a temperance measure. The American Health association, which met recently in Washington, had endorsed it from a hygienic viewpoint, and, on Mr. Bartholdt's resolution in the last session, all the official reports on the subject made by commanding officers were printed as congressional documents.

A DETECTIVE DETAINED.

Bristol, Tenn., Nov. 11—One of the Pinkerton detectives now at work on the Wentz mystery was sent from Big Stone Gap to Letcher county, eastern Kentucky, a few days ago, to assist John Wright, a noted Kentucky outlaw, who was employed in the case because of his knowledge of the mountains. The detective, having gained important information bearing on the Wentz case, was returning to Big Stone Gap to report to the Wentz family, when he found himself confronted by three armed men who would not permit him to return. He made three more attempts, the last time concealing himself in a wagon, but the same armed men turned him back. Today a letter was delivered to the Wentz house from the detained detective, having been carried across the mountains by a young man. This letter told of his being held owing to information he had, and called for an armed force to come to his assistance.

Five Pinkerton men left Big Stone Gap for the scene. The distance is 35 miles, over a rugged mountain road. The detectives are heavily armed and a pitched battle may ensue.

KENTUCKIANS' SEATS.

Washington, Nov. 11—Members of the Kentucky delegation in the house fared uncommonly well in the lottery for seats. Louisville's bachelor representative, Mr. Swager Sherley, drew a seat in the third row from the front on the Democratic side and next to the main aisle. Representative Stanley, of Henderson, is only a few seats away, and is directly in front of Representative Richardson, of Alabama, formerly the floor leader of the minority. Mr. Gooch, of Covington, is two rows farther back, while Mr. Smith, of Hodgenville, is right next to John Sharp Williams, the new Democratic leader. Mr. Kehoe, of Maysville, has a seat immediately back of Mr. Gooch.

GOVERNMENT TAKES A HAND.

Memphis, Tenn., Nov. 11—Fourteen prominent white men have been indicted by the federal grand jury at Jackson, Miss., for whitecapping a negro, or, in legal phrase, with conspiring to injure a government home-steader. The parties indicted are G. L. and George Martin, John Canterbury, Sr., and John Canterbury, Jr., Lige Canterbury, George Thompson, James Bruce, Tolbert Sellers, Grove Sellers, Sam Harrison, Wilford Lee, Walter Harnhardt, Bernardie Dickson and Oliver Parker.

LADIES CLOSE SALOONS.

Carlyle, Ill., Nov. 11—The members of the Women's Christian temperance union of Keyesport, inaugurated a successful crusade against the saloons there Sunday. They did patrol duty in the vicinity of the thirst parlors and prevented any one but the proprietors from gaining entrance. Their work was so effective that no attempt was made to do business and violate the Sunday closing law. The ladies are encouraged by the maiden effort, and will do it every Sunday.

WILL PAVE FIFTH STREET—In giving the streets that the street committee of the two boards are to recommend to the boards to pave, the Sun neglected yesterday to state that Fifth street is to be paved from the N. C. & St. L. depot to the I. C. freight depot, almost its entire length.

ILLINOIS CENTRAL BRANCH.

IS BEING SUED FOR OVER A MILLION BACK TAXES.

Jackson, Miss., Nov. 11—The revenue agent of the state of Mississippi has filed suit here to recover \$1,035,000 back taxes, alleged to be due the state from the Chicago, St. Louis and New Orleans railroad, now a part of the Illinois Central railroad company. The amount for which suit is brought is for eleven years' taxes on six million dollars' worth of stock of the company, which, it is said, has escaped paying revenue to the state for that period.

NEW GENERAL FOREMAN.

UNFEELING FATHER

LEAVES HARVARD A MILLION AND HIS CHILDEN NOTHING.

Boston, Nov. 11.—By provisions in his will the late Gorlon McKay of Newport, R. I., which was filed for probate today, Harvard will receive \$1,000,000. The Harvard trust fund is to be provided by the holding in reserve of 80 per cent. net annual income from the estate after the annuities, amounting to \$55,000 per annum, are paid to individual beneficiaries.

This income is to be held and invested by trustees named by Mr. McKay until \$1,000,000 is reached, when the full amount is to be paid to the president and fellows of Harvard University, and the income is to be applied for the promotion of applied science.

Victor and Robert McKay, sons of the testator, who was an inventor of the shoe machinery, are all but out off by the will.

RETURNS SHOW TAX AMENDMENT HAS CARRIED BY LARGE MAJORITY.

From late official returns it is evident that the constitutional amendment has carried with a very large majority. In fact, it is expected the official count, when completed, will show a majority for the amendment outside of Louisville, which gave about 18,000 majority for it. Secretary Clarke is still busy tabulating the result at Louisville, but says there is now no doubt that an unexpectedly large majority will be shown by the official count in the various counties.

From Despondency to Health.

NORTH ALTON, ILL. June 9, 1903.
A few months ago my health seemed to break down altogether. I had a complete collapse and nature refused to sustain me any longer. I lost my appetite, could not sleep and was in the very slough of despondency, which was greatly aggravated at the menstrual period. Our physician was unable to give me anything which was of the least benefit to me and I kept getting worse and was very nervous and hysterical.
A friend who had used Wine of Cardui suggested that I try it. So I sent for some and within two days after I started to use it I felt a great deal better. I could sleep at night and gradually the nervousness passed away. I became strong and had no pain at the period.
I am now enjoying the best of health due to the merits of Wine of Cardui for which I am deeply grateful.

WINE of CARDUI

There are hundreds of women in this city today who need Wine of Cardui and they would not hesitate a moment to take it if they only knew what a record it has made. Day after day and year after year letters like this one, praising Wine of Cardui, have appeared in the papers of this land and hundreds of thousands of sick women have secured relief from painful and irregular menstruation, leucorrhoea and bearing down pains by following the advice given.

Can any fair minded woman refuse to take the testimony of ten thousand of her sisters who have suffered just as she and then have been completely cured? Who can fairly say "Wine of Cardui will not help me" with such facts before her? Wine of Cardui is a pure vegetable extract that is so mild and simple in nature that a girl can take it with benefit when threatened with early menstrual disorders. Older women are cured of the more serious menstrual troubles, bearing down pains and leucorrhoea. For the troubles at childbirth and for middle-aged women at the change of life—Wine of Cardui meets every crisis in the life of a woman.

Try the treatment by getting a bottle of Wine of Cardui from your druggist today.

A MAN BITTEN BY A DOG.

Find the Old Woman.

A Man who had been sadly bitten by a Dog, was advised by an old woman, as a cure to rub a piece of bread on the wound, and give it to the Dog that had bitten him. He did so; and Aesop, passing by at the time, asked him what he was about. The Man told him, and Aesop replied: "I am glad you do it privately; for, if the rest of the Dogs of the town were to see you, we should be eaten up alive."

SOME MODERN RELIGIONS TENDENCIES

BISHOP PRAISES DARWIN.

London, Nov. 11.—It may come as a surprise to many churchmen that an Anglican bishop should say a public tribute to the work of Charles Darwin and frankly state, as an elementary truth, that the Bible is not infallible. This is what the bishop of Wakefield did in an address at Leeds on the teaching of the Bible to children, in the light of modern criticism.

His lordship recognized the possibility of offending the susceptibilities of some of his hearers but explained that such wounds as he might inflict would be the wounds of a friend. "Some people," he added, "need wounding before they will awaken, and take a proper view of the Bible."

Many of the questions asked by the children revealed to parents and teachers that they themselves had no really sufficient answer to give and they were obliged to put the question aside. Three courses were open to them. Like many devout but not well informed persons, they might shut their eyes and leave alone all that did not harmonize with their old preconceived views about Holy Writ; or they might give up their faith and say that modern science had exploded the Bible; that the Christian religion was a thing of the past. Between these two was the third and the true course—to inquire into these things.

First, the nature of inspiration ought to be understood. Scriptural inspiration was not a verbal, mechanical, absolutely accurate and infallible inspiration—not an inspiration of poets, but of men, who stamped their own characters upon their writings—men who were not free from mistakes, but who were led by the inspiration of the Holy Ghost to embody in their writings a revelation of God and the offer of salvation to men in Christ.

For centuries it was believed that every part of the Scripture was equally inspired—texts had been twisted and tortured into meanings and fixed interpretations as absurd as the Jewish cabala. Even educated people had found it a great relief to be told such elementary truths as these:

The Bible is not infallible.
The Bible is not necessarily literal and exact.
It is not a scientific textbook.
The books were not necessarily

written by the authors whose names they bear.

These names have absolutely no authority, except old tradition of the Jewish race.

The old chronology was not inspired. The dates in the ordinary Bible are no guide to the dates of the books.

The world was not created 4004 years before Christ.

Many of the books are composite and some embody older records like fables in chalk formations; others are by more than one author, and still others are admittedly compilations of various historical and traditional accounts.

Once we realized these facts and understood the great purpose of inspiration we should lose the paralyzing and crippling fear of answering truthfully the direct questions of children.

Scientifically and morally (his lordship continued) there had been a great revelation since the days of the Jewish writers. Charles Darwin had placed not only scientific but also religious thought upon an altogether firmer basis, while the progressive moral revelation was shown by the fact that the Jews allowed slavery, polygamy and many things which we should never think of permitting today.

The imprecatory clauses in the Psalms, in the bishop's opinion, are not fit for public worship, and he would be glad if permission were given to omit them.

For the rest, his lordship would have the Bible taught from a literary point of view, with Oriental literary methods freely exhibited. Such teaching would have a peculiar charm, especially for the older children, but to ask them to believe in the literal accuracy of the Bible was to put a strain upon the intelligence which it could not easily bear.

HIRSCH ON MODERN CHURCHES

Chicago, Ill., Nov. 11.—"Most modern and so called enlightened churches are the most ignorant exponents of superstition and paganism," declared Dr. Emil G. Hirsch last evening in Sinai tabernacle. "Christians and others less civilized join in setting up their God as a fearful, more or less malevolent being, which they appear to think can only be propitiated at certain times and seasons. I have known

Christian ministers who act as though they believe that God gave Moses a calling card reading: 'At home Sunday mornings from 10 to 12:30.'

"I have known Jewish rabbis who seem to think that God has reserved Sunday for the Christians and that it is useless for a Jew to pray upon that day," continued Dr. Hirsch, "just as if all the wires were busy. Religion becomes the merest superstition and paganism when it becomes a charm against mishap, a patent nostrum to cure everything from an earache to a toothache, and when it is considered only as a scheme to avoid death. Modern Christians have the same notions and incentives in their religious experiences as the roughest heathen. Both have the fear of death as the main religious impulse."

"Prayers have become too much like the society column of a gossiping social journal. How a millionaire come home or been married or divorced or has any one else in society done anything fortunate or unfortunate, God immediately is advised of the fact in a prayer in some fashionable church. Ministers allow themselves to become cheap advertising agents of social gossip, and use as their medium of expression insolent messages to the great Being. A prayer should no more be extemporized than an epic, for a prayer is the highest epic. It is the poetical expression of man to God."

SLEEPING SICKNESS

WHICH KILLS THOUSANDS CAUSED BY A FLY.

London, Nov. 11.—The investigations by the governmental commission sent to Uganda have resulted in the discovery of the cause of the sleeping sickness, the ravages of which among the natives has been enormous. In the report of the commission several instances of this are given. For example, Buvema island, which had a population of 22,000, has now but 8000. The southern province of Basoga has been practically depopulated. The first step in the discovery was the observation of trypanosomes in the cerebro-spinal fluid in five cases of the sleeping sickness. A further investigation showed the existence of this parasite in the cerebro-spinal fluid and the circulating blood in nearly all of the cases, from analogy, closely related to the disease of cattle caused by the tsetse fly.

It was suspected that the sleeping sickness was caused in like manner by infection. Then along the lake shore numbers of species of the tsetse fly were found. Experiments demonstrated the fact that these, when fed on sleeping sickness cases, conveyed the disease to healthy monkeys. It was also ascertained that freshly caught flies in the infected areas conveyed the disease without any preliminary artificial feeding. Further investigation proved that this fly, like the tsetse of South Africa, is confined to well-defined areas, which correspond absolutely with the sleeping sickness. The fly which conveys the fatal trypanosoma is the glossina palpalis. The extinction of it, as of the mosquito in malarial areas, together with the discovery of a serum or trypanosomacide, is now looked for to eradicate the disease.

NEED MORE FUNDS.

TO KEEP UP OUR NAVY, SAYS ANNUAL REPORT.

Washington, Nov. 11.—Urgent recommendation is made by Rear Admiral H. T. B. Harris, in his first annual report as paymaster general of the navy, for an increase in the naval supply fund, to enable the bureau of supplies and accounts to respond promptly to the numerous emergency calls which it receives from the navy.

The present fund of \$2,700,000, the paymaster general declares, is totally inadequate to fulfill the purpose for which it was authorized, and he recommended that it be increased to \$4,000,000. To further augment the fund he asks that the proceeds of all condemned and obsolete supplies, with a few exceptions, be carried to its credit.

To relieve the stringency of officers in the pay corps Rear Admiral Harris recommends that the vacancies existing in the grade of assistant paymaster be filled at once.

"Only young men of good standing and education," he says, "should be selected for these positions, and I can not too strongly urge that business experience should also be a prerequisite condition preliminary to appointment."

TO OPEN BIDS—A number of directors of La Centre, the town that is to be built on the Cairo division of the Illinois Central, went down today to receive bids for the college building, which it is hoped to start shortly.

BUDDING CANDIDATES

A Large Number are Coming Out for Pie.

Members of the Legislature Are Being Besieged By Office Seekers.

Frankfort, Ky., Nov. 11.—The scramble for official pie is on.

The contest for speaker of the house will be between S. D. Rigdon, of Bracken county; E. G. Barton, Pendleton; Herman D. Newcom, Jefferson; Eli Brown, Nelson and Henry Lawrence, Trigg county.

Mr. Rigdon, who is from the Ninth congressional district, has served a former term in the house, and is creating no little comment from state politicians because of his advocacy of a new election law, a measure Mr. Rigdon states he will introduce and urge its passage early in the season.

Mr. Rigdon is quoted as saying that recent elections held throughout the state are mere farces and an imposition and insult to the intelligence of the taxpayers of the state. He believes that every man's vote should be counted as cast, and will labor to bring about this much needed reform.

William Cromwell, of Frankfort, has no opposition to date for the position of clerk of the senate, the same being true as regards Miss Jennie McDonald, of Frankfort, the only candidate thus far for enrolling clerk of the senate, she having filled the same position at the last session of the legislature.

James E. Stone, of Breckinridge county, has announced for clerk of the house, but will have no opposition.

M. F. North, of Lincoln county, and M. E. Pogue, of Crittenden, are candidates for assistant clerk of the house.

Miss Annie Lyon, of Jessamine county, is so far the only candidate for enrolling clerk of the house, she filling the same position last session.

W. D. Jones, of Grayson, and L. F. Alexander, of Fleming county, are opposing candidates for assistant clerk of the senate.

The most important position to be filled at the coming session is the office of state librarian. Miss Pauline Helm Hardin, of Hodgenville, is a candidate to succeed herself.

Mrs. Leslie Collins, widow of a former prominent Kentuckian, is also laying claims to the appointment and has waged a very energetic canvass among the candidates for the legislature. Mrs. Collins' residence is in Frankfort, and she is inclined to the belief that she will defeat Miss Hardin.

BLOOD POISONED

SUFFERERS HERE IS FREEDOM FOR YOU

It will bring happiness to thousands who are miserable

FOERG REMEDY CO., Evansville, Ind.

I was taken down last fall with specific blood poisoning. I lay under doctor's care for five months, but nothing seemed to help me. I had great sores on my arms, legs and back and was desperate. When a friend induced me to try a bottle of your remedy. I did so. The first one produced some results, so tried another and another till I used eight in all, and was absolutely cured. Am now as sound as a dollar. If anyone has blood poisoning, for God's sake have them try Foergs. It will cure them.

S. G. GLENN, Crider, Ky.

It has been proven beyond the possibility of a doubt that this medicine quickly cleans up the worst cases of specific blood poisoning and all blood afflictions. Its work seems astonishing, amazing, almost miraculous. Its actual record sounds like a story of magic. But there is no room for doubt about it whatever; full proofs, indisputable in every respect, we can submit regarding hundreds of cases—among them the case speaks of in this letter. The results are not only complete, but permanent. In this case of Mr. S. G. Glenn, it is now over one year since the disease was cleared out of the blood and no taint of it has appeared since.

This is not merely a commercial matter, it is a matter of humanity to tell everybody with a blood disease about this medicine. Among the many cases proven of astonishingly quick and complete cures, all of which seem to have been permanent, many were photographed in such a condition that a reproduction in a newspaper would be perhaps too shocking for print. This case, given here, in the cause of humanity, this paper consented to print, though another newspaper refused to do so. Not a newspaper in Christendom but should publish every word of this information, if duty and not dollars were the governing rule.

With the above information before you if you go on suffering from the curse of poisoned blood, either primary, constitutional or as a result of mercurial treatment, don't trifle at fate but simply blame yourself, for here is a cure—absolute and sure. Tainted blood manifests itself in the form of Scrofula, Eczema, Rheumatic Pains, Stiff or swollen joints, Eruptions or Copper-colored Spots on the Face or Body, Little Ulcers in the Mouth or on the Tongue, Sore Throat, Swollen Tonsils, Falling out of the Hair or Eyebrows, and finally a Leprosy-Like Decay of the Flesh and Bones. If you have any one of these symptoms don't delay till too late but go to your druggist and get a bottle of

FOERG'S REMEDY THE GREAT BLOOD PURIFIER

All druggists guarantee it.

If your druggist does not handle this remedy send us \$1.00 for one bottle or \$5.00 for six bottles with our absolute guarantee or money refunded by druggist or this company in full. All packages sent in plain wrappers. All correspondence strictly confidential.

DAILY THOUGHT.

Forgiveness is a high quality, an exalted virtue.—Dickens

THE ELIGIBILITY QUESTION.

Attention was called by the Memphis Commercial-Appeal recently to the fact that although the constitution of Kentucky prohibits a man from holding the office of governor for two successive terms, Governor Beckham, after serving a full term lacking only about two months, is about to enter into another term.

The Courier-Journal hastens to correct the impression thus:

"The Appeal is mistaken in attaching so much importance to this question, as it is not probable that there will be any issue in the case. A great deal was said in regard to it during the late canvass by the Republican press and speakers, but it was merely for popular effect and served chiefly to mislead nonresidents or those who had not investigated the subject." A proper understanding of the constitutional provision on the subject will satisfy any intelligent person that there is no sound reason upon which to base a belief that the governor-elect was not eligible, or that there is any ground upon which his right to serve the new term for which he has been elected can be contested."

The Courier-Journal may believe all or a part of what it says, but some of it is obviously incorrect nevertheless. It is doubtless probable, as it says, that "there will be no issue on the question." What use would there be? The courts have decided that the legislature is the sole and final tribunal in which the question who is and has a right to be governor, may be settled, and the legislature is Democratic, just as it was when the office was stolen by the Democrats for the late Senator Goebel without regard to facts, justice or rights.

The question of eligibility as applied in Governor Beckham's case was exploited principally by the Democrats themselves during the canvass for the primary last spring, and if the Courier-Journal will take the trouble to inquire, it will learn that Hon. John Hendrick and the other opponents of Governor Beckham before the primary made the eligibility question their strongest point, and said far more about it themselves than the Republicans have ever said. The O. J. is respectfully referred to Colonel Hendrick's Nicholasville speech. If the question were ever agitated for the purpose of misleading anyone, the Democrats spring it to mislead each other. They made the eligibility

question a very important one until the opportunity came for the Republicans to turn their own arguments against their own nominee. Then no one had ever thought of such an absurd thing except the Republicans!

A proper understanding of the constitution on the subject may indeed satisfy anyone, but who is going to give us that "proper understanding?" Not the Courier-Journal, thank you.

NO CAUSE TO DELAY.

No good argument has been offered, so far as is known, for delaying the necessary work that has to be done before the streets can be paved in Paducah. For months and months the present boards dabbled with the contract for paving the seven blocks of streets already contracted for, and the result was the work was delayed until the worst time in the year for a beginning. Unless the boards have changed their methods, they will be able to accomplish very little if they begin work now, but that little would help some.

There is no reason to presume that the new boards will be any better able to prepare for the street improvements than the present boards, and the thing is to save time by getting things in readiness as soon as possible, and if there is any time to be wasted it can better be wasted in waiting for good weather next spring. Ordinances have to be passed, the streets to be improved selected, and the work advertised for thirty days or longer after other preliminaries have been completed. By the time this is done, if it is started now, it will be well into next year, and the sooner the work itself is started the better for the city. There are likely to be many visitors in Paducah next year on their way to the world's fair in St. Louis, and it will be to the credit of Paducah to put up as good an appearance as possible. The main thing, however, is to get the work done and out of the way. The benefits of the improvements will be manifold, but the progress of the work is going to be more or less disagreeable to a busy population that has already had to suffer greatly in past years from having the streets torn up.

The street paving is something that vitally interests every citizen, and the consensus of opinion seems to be that the ball ought to be started rolling at once.

GET RID OF MORGAN.

It is stated in the Washington dispatches that Senator Morgan, of Alabama, is to be deposed as chairman of the interoceanic canal committee of the senate. This may be hard on Senator Morgan, but it will be a good thing for the people of the country and the Republican administration. Senator Morgan is entitled to his own opinion about the canal project, and likewise the Republican majority is entitled to its opinion as to Senator Morgan's usefulness on the canal committee.

Senator Morgan has taken no pains to conceal his opposition to any legislation that does not contemplate the construction of a canal along the Nicaragua route, and as chairman of the interoceanic canal committee he has proven a perplexing and harassing obstructionist to the administration, which is ready and anxious to relieve all who oppose the Panama route, and assume full responsibility for any canal legislation that congress may enact. No man who retains a chairmanship of such importance through courtesy or indulgence, shows the proper spirit in opposing the policy of the party in power, and for this reason the Republicans will demand Senator Morgan's displacement, judging from reports, and Senator Hanna, who is thoroughly in accord with the administration on the canal proposition, will probably be appointed to succeed him. With Senator Morgan no longer chairman of the committee, his opposition to the Panama canal route will amount to very little.

Some of our good citizens are manifestly pretty hard to kill. We have always with us the patriarch who has been chewing and smoking tobacco, and drinking whiskey, for half a century in open defiance of the harrowing warnings of the crusaders against the weed and juice of the corn, and we have many others of equal fortitude, but the latest claimant for distinction is the man who died of remorse for a killing committed during the civil war. It took over forty years for Old R. E. Morse, as the humorist has put it, to get away with him, but he died a few days ago up about Owensville, Ky. One is forced to the belief that either the good man possessed a very remarkable constitution, or else he had his remorse in a very mild taste.

Paducah is quite large enough to

compel the property owners in the sewer district to connect with the sewerage system. There is no reason for further delay. The health of the people is of more consequence than the saving to a few property owners of what money they would have to spend for the sewer connections. If any city official will cite one case of where any other city has had sewerage for six years without requiring the people to use it, The Sun will apologize for all it has ever said on the sewerage question.

Col. W. J. Bryan, in explaining to a waiting world why he was so anxious to stow that \$50,000 in his jeans, says that it was in respect to the wishes of his dead friend. He seems to have had more regard for the wishes of his dead friend than for the wishes of the latter's living wife.

The Republican party could be in no safer hands in the coming election than those of Senator Hanna, who as chairman of the National Committee has rendered the party inestimable service, and whose tact and judgment cannot be improved upon.

The toy pistol takes off the small boy and the foot ball game decimates the ranks of the college chump, but nothing has yet been found to dispose of such venerable benefactors of the human race as Dowle and Parkhurst.

A St. Louis boy started for Germany with five cents. He must have been reading about the hoodling trials and concluded he would escape the blandishments of St. Louis politics while there is time yet.

The "How Old is Ann" problem has been laid in the shade in Missouri by this one: If it takes three months to get hoodler Kratz back from Mexico, how long will it be until his case is worn out in the courts?

If the experts should succeed in harnessing the power of the falls at Louisville, the Louisville Democrats would probably find some way to utilize it politically before the next election.

According to the pay rolls in St. Louis there are eight drivers to each garbage cart. At this rate about how many would there be in Louisville a month before election?

A question that will soon be worrying the tax payers of Paducah is, will it be the tax rate or the assessment that is raised next year?

Let's get the streets paved in a hurry so the city can't dump any more veneered mud, known in Paducah as "gravel," on them.

STOCKHOLDERS MET

NEW BUILDINGS TO BE ERECTED AT KEVIL, THEY SAY.

Yesterday the stockholders of the town of Kevil, 16 miles from Paducah on the Cairo extension of the I. O., held a meeting and decided on several buildings.

The plans adopted call for a big double two story brick building which will be a general store and bank combined. The front will be 50 feet wide 25 feet being allowed for the store and 25 for the bank. The bank building side will be made to extend back 36 feet while the store room will extend back 85 feet. It is hoped to complete the work by the first of the year.

CLIMATIC CURES.

The influence of climatic conditions in the cure of consumption is very much overdrawn. The poor patient, and the rich patient, too can do much better at home by proper attention to food digestion, and a regular use of German Syrup. Free expectoration in the morning is made certain by German Syrup, so is a good night's rest and the absence of that weakening cough and debilitating night sweat. Restless nights and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer clime, you will find that of the thousands of consumptives there, the few who are benefitted and regain strength are those who use German Syrup. EMPEROR WILLIAM IS BETTER

LARGER THAN EXPECTED.

Denver, Nov. 11—The tie-up in the Colorado coal fields as a consequence of the strike order issued by President Mitchell, of the United Mine Workers of America, is more extensive than operators or union leaders had expected.

In Las Animas county, the principal battle ground, the union leaders assert that only 100 of the 8,000 men employed in the various camps are working today. The operators, however, declare that they still have about 1,000 men in the mines. In Huerfano county there are 1,800 miners, of whom more than 1,000 are already on strike, and the union leaders are confident that they will succeed in inducing the remainder to come out. Practically all the 800 miners in Fremont county are idle.

In the northern field 1,500 miners are on strike and about 400 are working on small independent properties, at which all the demands of the men have been conceded. In Western Colorado about 1,000 miners are working, but organizers are busy among them. Union leaders at Trinidad say 80 per cent. of the miners in New Mexico have gone out.

No evidences of disorder have been reported in the coal regions.

"Mother" Jones is holding meetings at the various camps and is everywhere received with enthusiasm by the miners.

NEW APPOINTMENTS.

Washington, Nov. 11—Frank Wyman nominated to be postmaster at St. Louis. He is a brother of Surgeon General Wyman, of the public health and marine hospital service.

The president also sent the following original nominations to the senate:

Noted Lawyers Are Engaged on Both Sides—A Hot Fight Promised.

Clarksville, Tenn., Nov. 11—One of the most sensational cases that has ever come up in this section is now being heard in the Montgomery county criminal court at this place. It is the case of the state of Tennessee vs. Homer D. Ward. The defendant was formerly superintendent of the Tennessee Odd Fellows' Home, located here, and it is charged in the indictment against him that on the 13th of October, 1902, he criminally assaulted Susie George, an orphan from Commerce, Tenn., who is an inmate of the home, and is under the age of twelve years.

Some time was consumed in selecting a jury, and after this was done the indictment was read and a plea of not guilty entered by the attorneys for the defense. Both state and defense are represented by able counsel from this city, Nashville and elsewhere, and the case is being hotly contested all along the line.

The case will probably consume several days in hearing the evidence, and large crowds are attending the trial, including Mrs. Ward, accompanied by her two children, one a boy about two years of age and the other a babe in arms, who was born after the father fled from this state to California, where he was captured in a small mining town and brought back here for trial.

EMPEROR OUT AGAIN.

Berlin, Nov. 11—A bulletin on the condition of Emperor William says there is a slow improvement in the appearance of the left vocal cord and adds that the emperor has resumed his usual morning walk in the park.

Importance is no longer attached to the emperor's wound by the court officials.

MEMPHIS SKY SCRAPER.

LATE WEDDING NOTES

Mr. Joe Hobson and Miss Roberts Secretly Married

Mr. Steve Etter and Miss Elizabeth Stewart Go to Metropolis.

A ST. LOUIS WEDDING

Mr. Fred Lindsey and Miss Hattie Dunn, two prominent young people of near Calvert City, passed through the city this morning en route to Metropolis, Ill., where they will this afternoon be married.

The groom is the son of A. J. Lindsey, a prominent farmer of that section, and the bride is the daughter of Mr. Ben Dunn, another well known farmer of that section. The match was at first objectionable to the father of the girl but when he saw the determination of the couple to marry, he agreed that they should and for the novelty of the affair they went to Metropolis.

Paducah was reached by buggy and the trip to Metropolis made on boat. The couple will drive back tonight in a buggy if the weather is permissible. They were accompanied by Sam Phelps, of Orono, Ky., and Miss Bessie Duncan, of Calvert City.

The marriage of Miss Minnie Roberts and Mr. Joseph Hobson of this city, which took place September 15 in Edwardsville, has just been announced. The bride has since visited away from home, and the marriage was not made public until yesterday. The couple are now at the home of the bride's parents, Mr. and Mrs. G. W. Roberts, 1118 South Tenth street. Mrs. Hobson is an attractive young lady. Mr. Hobson is a native of this city and is a traveling salesman for the shoe factory of Green & Sons of Louisville. The couple will make their home in Memphis.

Miss Elizabeth Stewart and Mr. Stephen Etter of this city, were married late yesterday afternoon in Metropolis. The wedding took place at the residence of Justice Thomas Liggett, who performed the ceremony. The couple went to Metropolis on the Cowling yesterday afternoon and returned to this city on the Dick Fowler last night.

The bride is a pretty young lady who came from Louisville to this city a short while ago. Mr. Etter is in the transfer business and is a popular young man.

The marriage of Miss Ada Leo Jones of this city, and Mr. Robert Moss, formerly of this city, and now of Fulton, will take place this evening in St. Louis. Rev. B. E. Reed, of Grace Episcopal church, St. Louis, will perform the ceremony. The couple will go to Chicago on a wedding trip and will reside in Fulton.

Edward Yelpan and Miss Abbie I. Stone, both of Paducah, was united in marriage Saturday by Judge Liggett.—Metropolis Herald.

ENGAGEMENT ANNOUNCED.

The engagement of Miss Irene Schwab, daughter of Mr. and Mrs. Lee Schwab, and Rev. David Alexander, of Temple Israel, will be announced in a reception at the home of the bride's parents, 915 Broadway, Sunday evening from 8 until 11.

Miss Schwab is the second daughter of Mr. Lee Schwab, one of Paducah's most prominent citizens, and is unusually pretty and popular young woman. Her beauty is of a striking brunette type, which added to a gracious and charming manner, have made her a great favorite.

Rev. Mr. Alexander is the talented young rabbi of Temple Israel and has been a resident of Paducah for about two years, coming here from Cincinnati to succeed Rabbi Enloe. He is a bright, cultured young divine of attractive personality, who is popular among his own congregation and in a general way in this city.

The date of the wedding has not been fixed.

DINNER PARTY.

Mr. and Mrs. Hughes McKnight entertained the "Delicate Seven," a club of young men of which Mr. McKnight was a member, with a dinner party at 6 o'clock at their home "Gray Gables," last evening. A five course dinner was served with table decorations of green and white. The guests were: Mr. and Mrs. Harris Rankin; Misses Lillian Rudy; Hattie Terrell; Marjorie Crumbaugh; Messrs. Will Minnick, John Sherwin and Ed. Clark.

DRIED UP

COFFEE WAS DRYING UP HER BLOOD.

"Coffee had the peculiar effect on me of thickening the blood and lessening it in quality, in other words drying it up" says a young lady of Shelton, Neb., "and so long as I used the drug, coffee, I had terrific headaches frequently accompanied by sour stomach and a very bad breath."

"My condition was serious and I knew something had to be done so I decided to quit coffee and drink Postum."

"A few days after I quit drinking coffee and shifted to Postum I felt much better and continued to improve on the Postum until I am now entirely free from headaches, and stomach trouble and steadily gaining in flesh and health and feel happy and full of rich, pure blood."

"My parents were ailing as long as they were coffee drinkers. They were certainly great coffee fiends and claimed that they could not get coffee strong enough for them and my father in particular was a regular slave to coffee, drinking many cups of it daily although he had terrific headaches about once a week, while my mother complained of her liver and took different liver remedies but all to no avail."

"Then I persuaded them to quit coffee and drink Postum Food Coffee and the result was all that I had hoped for and both are now hearty eaters and are strong and well. I know of many other cases where leaving off coffee and drinking Postum has resulted in wonderful changes in health." Name given by Postum Co., Battle Creek, Mich.

LANG BROS' SUCCESS

GREAT POPULARITY OF PLAN TO SELL MEDICINE AT HALF-PRICE AND GUARANTEE A CURE.

Lang Bros., the enterprising druggists, rather than await the ordinary methods of introduction, urged the Dr. Howard company to secure a quick sale for their celebrated specific for the cure of constipation and dyspepsia by offering the regular 50c. bottle at half price.

The wonderful success of this plan was a great surprise even to Lang Bros., and today there are scores of people here in Paducah who are using and praising this remarkable remedy. So much talk has been caused by this offer, and so many new friends have been made for the specific, that the Dr. Howard Co. have authorized druggists Lang Bros. to continue this special half-price sale for a limited time longer.

In addition to selling a 50c. bottle of Dr. Howard's specific for 25c. Lang Bros. have so much faith in the remedy that they will refund the money to anyone whom it does not cure.

When your head aches your stomach does not digest food easily and naturally, when there is constipation, specks before the eyes, tired feelings, giddiness, bad taste in the mouth, coated tongue, heart-burn, sour stomach, roaring or ringing in the ears, melancholy, and liver troubles, Dr. Howard's specific will cure you. If it does not, it will not cost you a cent.

This latest achievement of science is of great value in curing sick headache. Thousands of women are today free from that painful disease solely through the use of this specific.

SMALL BLAZES

TWO IN MR. W. J. DICKE'S TAILOR SHOP LAST NIGHT.

Fire broke out twice last night about 11 o'clock in the Dicke tailoring establishment adjoining B. Weille's, on Broadway between Fourth and Fifth streets. The first time Chief Wood and the boys from Central station found the woolen scraps in a large box in the shop in the rear of the establishment afire. They took them outside and extinguished the blaze, and about half an hour later were called back by a blaze that started in some cotton batting under a show case in the front part of the store. The last blaze had probably been started only a short time before, or the cotton would have been destroyed.

Both Chief Wood and Mr. Dicke think it possible that the store was set afire. Mr. Dicke closed all the windows and doors when he and others left after the first fire had been extinguished, and Chief Wood says when he and his men went back the second time one of the rear windows was open.

A man was left there to keep watch, but saw nothing of anyone after the second blaze. It is possible a spark from the first fire was blown into the cotton, however, as the burning material was being taken out, and in this way started the second fire. There was practically no damage from either blaze.

NOT SO WELL TODAY—The condition of Edgar Buck who was hurt in a railroad wreck at Pine Bluff, Ark., several days ago, is reported about the same. He is at Little Rock and has relapsed into partial unconsciousness again.

IN THE LOCAL COURTS

The Eaker-Grogan Case Continued in Police Court.

Verdict for \$100 Rendered in Isaman Slander Suit—Other Orders in Circuit Court.

NOTES OF OTHER COURTS

POLICE COURT.

Judge Sanders had a number of cases today for trial but the most important, that against Ed Eaker, for alleged maliciously assaulting Engineer Pat Grogan, was continued until Tuesday morning. There are several witnesses in the case, all of whom were recognized except Henry Biederman, for whom an attachment was issued.

Dock Porter, alias Ollie Burns, colored, who was charged with stealing clothing from a colored woman, was given sixty days in the city prison.

The malicious assault, breach of the peace and concealed weapon cases against Jeff Carter and Mitch Jackson, colored, were continued.

Will Albritton, colored, for jumping on and off a moving train, was fined \$5 and costs.

Ed Ballowe, white, was fined \$40 and costs and given 20 days in jail for carrying concealed a pistol.

Dan Pryor and French Owen, colored, were both charged with striking women, and the evidence showed they were both guilty. Pryor was fined \$100 and costs and Owen \$50 and costs.

A case against Bud Henderson, colored, for drawing an ax on another, was left open.

The case against Cal Hinton, for violating the sabbath, was continued.

CIRCUIT COURT.

Today the case of F. G. Rudolph, administrator of Charles Bell against the Paducah Railway and Light Co. has been on trial. The suit is for \$20,000 damages for loss of life. Bell was working on a telephone post at Fourth and Broadway when he fell and the injuries sustained in the fall resulted in death.

Baker, Eccles & Co., wholesale grocers, have filed an attachment suit against Alex McCarty to recover an alleged debt of \$169.75 for goods sold the defendant.

The case of Eva Clayton against George Clayton was stricken from the docket.

The plaintiff in the case of H. L. Bradley against the N. C. and St. L.

road filed motion and reasons for a new trial.

The case of the Harrison Land, Coal and Mining company against the N. C. and St. L. road was stricken from the docket.

A judgment for sale was filed in the case of G. W. Rudd against J. A. Rudd.

A verdict for \$100 was rendered in circuit court yesterday afternoon in favor of T. N. Smith, of the county, against Tony Isaman. The suit was for \$5,000 for alleged slander, it being charged that Isaman called Smith a "d—d thief."

JUSTICE BARBER'S COURT.

Justice R. J. Barber is this afternoon trying the case against P. Brewer, of the Ragland section, for a breach of the peace.

Brewer is alleged to have caused a disturbance over the opening of a public road and is alleged to have refused to move his fence or let the laborers come through his land.

It is understood that the county appropriated money for the damage to his land and County Clerk Charles Graham was in court with his records to testify to the same.

CATARRH THIRTY YEARS.

The Remarkable Experience of a Prominent Statesman—Congressman Meekison Gives Pe-ru-na a High Endorsement.

Congressman Meekison of Ohio.

Hon. David Meekison is well known not only in his own State, but throughout America. He was elected to the Fifty-fifth Congress by a very large majority, and is the acknowledged leader of his party in his section of the State.

Only one flaw marred the otherwise complete success of this rising statesman. Catarrh with its insidious approach and tenacious grasp, was his only unconquered foe. For thirty years he waged unsuccessful warfare against this personal enemy. At last Peruna came to the rescue. He writes:

"I have used several bottles of Peruna and I feel greatly benefited thereby from my catarrh of the head. I feel encouraged to believe that if I use it a short time longer I will be fully able to eradicate the disease of thirty years' standing."—David Meekison, Member of Congress.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

Rheumatism

Is Not a Skin Disease.

Most people have an idea that rheumatism is contracted like a cold, that the damp, chilly air penetrates the muscles and joints and causes the terrible aches and pains, or that it is something like a skin disease to be rubbed away with liniment or drawn out with plasters; but Rheumatism originates in the blood and is caused by Urea, or Uric Acid, an irritating, corroding poison that settles in muscles, joints and nerves, producing inflammation and soreness and the sharp, cutting pains peculiar to this distressing disease.

Exposure to bad weather or sudden chilling of the body will hasten an attack of Rheumatism after the blood and system are in the right condition for it to develop, but have nothing to do with the real true causes of Rheumatism, which are internal and not external.

Liniments, plasters and rubbing will sometimes reduce the inflammation and swelling and ease the pain for a time, but fail to relieve permanently because they do not reach the seat of the trouble. S. S. S. cures Rheumatism because it attacks it in the blood, and the Uric Acid poison is neutralized, the sluggish circulation stimulated and quickened, and soon the system is purified and cleansed, the aching muscles and joints are relieved of all irritating matter and a lasting cure of this most painful disease effected.

S. S. S. is a harmless vegetable remedy, unequalled as a blood purifier and an invigorating, pleasant tonic. Book on Rheumatism will be mailed free.

GAME LAW OUT

After Next Saturday Quail May

Many of the Birds Reported to Be in
Kentucky—Season Open Six Weeks.

The game law in Kentucky is out next Sunday, Nov. 15, and for a month and a half the elusive Bob White will be energetically pursued. It is reported that they are very plentiful this year.

The game law of Kentucky on the subject is as follows:

Kentucky Statutes, Chapter 57
Sec. 1944—No person shall catch, kill or pursue with such intent or have the same in their possession after it has been caught, killed any quail, partridge or pheasant between the first day of January and the fifteenth day of November of each year.

Sec. 1949. Any person guilty of violating any of the provisions of each of the preceding sections shall be fined not less than \$5 for each offense nor more than \$25.

Sec. 1950—The possession of any of the animals or birds intended to be protected by this law within the periods for which their killing or pursuit is hereby prohibited shall be prima facie evidence that the said animal or bird was unlawfully caught or killed and the possession thereof unlawful.

Sec. 1952—The unlawful killing, catching or possession of each and every one of the animals or birds intended to be protected by this law shall constitute a separate and distinct offense, and shall be punished accordingly, and two or more offenses may be joined in the same warrant or indictment therefor, and the person so offending if convicted shall be fined for each offense and fifty per centum of said fine shall be paid to the informer.

BEST LINIMENT ON EARTH.

L. M. McHany, Greenville, Tex., writes, Nov. 2, 1900: "I had rheumatism last winter was down in bed six weeks; tried everything, but got no relief, till a friend gave me a part of a bottle of Ballard's Snow Liniment. I used it, and got two more bottles. It cured me and I haven't felt any rheumatism since. I can recommend Snow Liniment to be the best liniment on earth for rheumatism." For rheumatic, sciatic or neuralgic pains, rub in Ballard's Snow Liniment, you will not suffer long, but will be gratified with a speedy and effective cure. 25c, 50c and \$1 at DuBois, Kolb & Co.

AND THE NEXT DAY IT RAINED.

Would that my pen had been plucked from some beautiful bird of Paradise and dipped in the eyes of a rainbow that I might fittingly describe the beautiful marriage scene enacted at the residence of Mrs. E. V. Braswell, 401 St. Anthony street, Mobile, Ala., on the evening of February 23. Just as the day god, clothed in majesty sublime, had withdrawn his galaxy of quivering golden beams from all the earth and wafted a good night kiss to the young evening who was fast approaching with her cloudless brow, mounted by a crown of jeweled stars—it was then that the cords of confidence, hope and love, binding the hearts of Hiram J. Bruster and Mary Elizabeth Braswell were indelibly traced upon the scroll of life, and the sacred seal of holy matrimony placed thereon.—West Point, Miss., Times.

A DANGEROUS MONTH.

This is the month of coughs, colds, and acute catarrh. Do you catch cold easily? Find yourself hoarse, with a tickling in your throat and an annoying cough at night? Then, you should always have handy a bottle of Ballard's Horehound Syrup. J. A. Anderson, 35 West Fifth street, Salt Lake City, writes: "We use Ballard's Horehound Syrup for coughs and colds. It gives immediate relief. We know it's the best remedy for these troubles. I write this to induce other people to try this pleasant and efficient remedy." 25c, 50c and \$1 at DuBois, Kolb & Co.

OHIO FALLS

WILL BE USED TO GENERATE
ELECTRIC POWER.

Cincinnati, Nov. 11.—Leading electricians from all parts of the country are in Louisville, where they will be joined by government engineers and others in an inspection of the Ohio river falls. It is proposed to utilize the falls in the Ohio river at Louisville for power for traction, electric light and other plants throughout Indiana, Kentucky and Ohio, the same as in done at Niagara.

The electricians who go to Louisville have investigated not only the process at Niagara Falls, but also that of California in transmitting electrical power from water falls. The Weidner-Elkins syndicate, which controls the traction lines in Cincinnati, Indianapolis and other parts of Ohio and Indiana, have had experts examining into the feasibility of utilizing the Ohio river falls for some time and they have reported favorably on the plan.

The object of the meeting at Louisville is to confer with the government engineers before taking the matter up with congress.

LOW ONE-WAY SETTLERS' RATES TO THE NORTHWEST AND CALIFORNIA.

From September 15 until November 30, 1909, the Burlington makes very low one-way colonist rates to California, Oregon, Washington, Idaho, Montana. The reduction is from 25 to 40 per cent. from the regular rates.

THE WAY TO GO.

The Burlington, with its strong main lines and free chair cars, best reaches the West and Northwest via Denver, Billings or St. Paul.

"The Burlington-Northern Pacific Express" is the great daily through train with chair cars and tourist sleepers via Billings, Montana, to Puget Sound and intermediate points.

TO CALIFORNIA.

The Burlington's weekly personally conducted California excursions in through tourist sleepers are just the thing for coast tourists and settlers. The route is Denver, scenic Colorado and Salt Lake.

HOMESEEKERS' EXCURSIONS.

These are run the first and third Tuesdays of each month at approximately half rates for the round trip.

It will be a pleasure for us to give you an accurate and informative reply to any inquiries.

FOR AN ARMY SITE

Government Getting Options on Hardin County Land.

It is Thought Kentucky Will Get Permanent Maneuver Grounds.

Kentucky seems to have a good chance to get a permanent army maneuver site.

Dr. J. V. Prewitt, of West Point, and Dr. F. Coombes, of Elizabethtown, representing the United States Government, have secured options on more than 20,000 acres of land lying south of the original survey for the maneuver grounds near West Point. The options now cover over 50,000 acres and the Government representatives hope to secure about 100,000 acres to make the reservation complete. The contemplated reservation takes in Bloomington, on the pike, Vine Grove, Red Hill and extends to within a half mile of Rineyville.

All of the military authorities who witnessed the recent maneuvers expressed the opinion that the original reservation was too small for extended maneuvers. Dr. Prewitt then took up the plan of securing options on the large additional tract, and believes that he will have no difficulty now in securing options at a reasonable price.

The claims against the government for damages during the maneuvers have almost all been settled and the total amount of damages will be about \$10,000. The demands of the property owners have been reasonable and there has been little difficulty in effecting the settlements.

READY FOR USE

NEW CINDER PIT PROVES A GREAT SAVING OF TIME AND LABOR.

This morning for the first time the new cinder pit at the local I. C. shops was used, and hereafter the work of cleaning the engines of ashes will be done with much more dispatch and convenience.

The pit is built on the latest and most modern plans and is well worth going to see. The engines are run over an elevated track with concrete base which runs parallel with a depressed track into which coal cars are run. The ashes dumped in the concrete pit are shovelled into the cars in the depressed track and when filled are pulled out and hauled away. Little time is consumed and the shopmen are greatly pleased with the improvement.

The pit will be used from now on, the old one being torn up. The location of the new pit is the same as the old one, except that it is built on a much larger scale and will accommodate several engines, while formerly the old pit would accommodate only two engines at a time.

ABOUT SETTLED

\$40,000 WILL BE IN THE NEIGHBORHOOD OF LIVINGSTON'S AWARD.

The only loss remaining unsettled from the big fire of two weeks ago when Livingston, Lang, Weil and Michael buildings were destroyed by the flames, is the Livingston stock loss and this has been practically settled.

The adjusters have virtually agreed on a total loss but are holding up the signatures on account of incomplete invoice. Most of the invoice papers were destroyed in the flames and the proprietors will have to send out and get duplicates from the people with whom they have been trading. The total amount of insurance carried on the stock was \$40,000 and this will be something like the amount settled on.

It is expected that the matter will be adjusted this week and the papers all signed up by Saturday.

FALLING RAIL.

STRIKES A WORKMAN WHO WAS ATTEMPTING TO ESCAPE.

Cordy Grubbs, a young colored employe of the I. C. Cairo extension, was unloading rails about ten miles out of Paducah yesterday afternoon when one of the rails slipped and fell off the car. It struck him in the head and cut a big gash and rendered him unconscious for a short time. He saw the rail slipping and ran out away from it as quickly as possible or might have been fatally crushed by the big steel rail. His injury was dressed at the hospital here.

The SKY PILOT

By RALPH CONNOR

Author of
"The Man From Glengarry"
"Glengarry School Days" and "Black Rock"

Copyright, 1899, by FLEMING H. REVELL COMPANY

"Look here, my man, you shouldn't play the game till you know how to do it and with whom you play." Then, handing him back the money he added: "I want money, but not yours." Then, as he sat looking at the unfortunate wretch dividing his attention between his money and his bleeding fingers, he once more broke into a gentle laugh that was not good to hear.

The Duke was by all odds the most striking figure in the Company of the Noble Seven, and his word went further than that of any other. His shadow was Bruce, an Edinburgh university man, metaphysical, argumentative, persistent, devoted to the Duke. Indeed, his chief ambition was to attain to the Duke's high and lordly manner, but, inasmuch as he was rather squat in figure and had an open, good natured face and a Scotch voice of the hard and rasping kind, his attempts at imitation were not conspicuously successful. Every mail that reached Swan Creek brought him a letter from home. At first, after I had got to know him, he would give me now and then a letter to read, but as the tone became more and more anxious he ceased to let me read them, and I was glad enough of this. How he could read those letters and go the pace of the Noble Seven I could not see. Poor Bruce! He had good impulses, a generous heart, but the permit nights and the hunts and the round ups and the poker and all the wild excesses of the Company were more than he could stand.

Then there were the two Hill brothers, the younger, Bertie, a fair haired, bright faced youngster, none too able to look after himself, but much inclined to follies of all degrees and sorts. But he was warm hearted and devoted to his big brother, Humphrey, called Hump, who had taken to ranching mainly with the idea of looking after his younger brother. And no easy matter that was, for every one liked the lad and in consequence helped him down.

In addition to these there were two others of the original seven, but by force of circumstances they were prevented from any more than a nominal connection with the Company. Blake, a typical wild Irishman, had joined the police at the Fort, and Gifford had got married and, as Bill said, "was roped tighter 'n a steer."

The Noble Company, with the cowboys that helped on the range and two or three farmers that lived near the Fort, composed the settlers of the Swan Creek country—a strange medley of people of all ranks and nations. But while among them there were the evil hearted and evil living, still for the Noble Company I will say that never have I fallen in with men braver, truer or of warmer heart. Vices they had, all too apparent and deadly, but they were due rather to the circumstances of their lives than to the native tendencies of their hearts. Throughout that summer and the winter following I lived among them, camping on the range with them and sleeping in their shacks, bunching cattle in summer and hunting wolves in winter, nor did I, for I was no wiser than they, refuse my part on permit nights. But through all not a man of them ever failed to be true to his standard of honor in the duties of comradeship and brotherhood.

CHAPTER III.

THE COMING OF THE PILOT.

HE was the first missionary ever seen in the country, and it was the Old Timer who named him. The Old Timer's advent to the foothill country was prehistoric, and his influence was in consequence immense. No one ventured to disagree with him, for to disagree with the Old Timer was to write yourself down a tenderfoot, which no one, of course, cared to do. It was a misfortune which only time could repair to be a newcomer, and it was every newcomer's aim to assume with all possible speed the style and customs of the aristocratic old timers and to forget as soon as possible the date of his own arrival. So it was as the Sky Pilot—familiarily the Pilot—that the missionary went for many a day in the Swan Creek country.

I had become schoolmaster of Swan Creek, for in the spring a kind Providence sent in the Muirs and the Bremans with housefuls of children, to the ranchers' disgust, for they foresaw plowed fields and barbed wire fences cramping their unlimited ranges. A school became necessary. A little log building was erected, and I was appointed schoolmaster. It was as schoolmaster that I first came to touch the Pilot, for the letter which the Hudson Bay freighters brought me early one summer evening bore the inscription:

THE SCHOOLMASTER,
Public School,
Swan Creek,
Alberta.

There was altogether a fine air about the letter. The writing was in fine, small hand, the tone was fine, and there was something fine in the signature—"Arthur Wellington Moore." He was glad to know that there was a school

and a teacher in Swan Creek, for a school meant children, in whom his soul delighted, and in the teacher he would find a friend, and without a friend he could not live. He took me into his confidence, telling me that though he had volunteered for this far away mission field he was not much of a preacher and he was not at all sure that he would succeed. But he meant to try, and he was charmed at the prospect of having one sympathizer at least. Would I be kind enough to put in some conspicuous place the inclosed notice, filling in the blanks as I thought best?

Divine service will be held at Swan Creek in — at — o'clock.
All are cordially invited.
ARTHUR WELLINGTON MOORE.

On the whole I liked his letter. I liked its modest self depreciation, and I liked its cool assumption of my sympathy and co-operation. But I was perplexed. I remembered that Sunday was the day fixed for the great baseball match, when those from "Home," as they fondly called the land across the sea from which they had come, were to wipe the earth with all comers. Besides, "divine service" was an innovation in Swan Creek, and I felt sure that, like all innovations that suggested the approach of the east, it would be by no means welcome.

However, immediately under the notice of the "Grand baseball match for the pain killer," a week from Sunday, at 2:30; Home versus the World," I pinned on the door of the Stopping Place the announcement:

Divine service will be held at Swan Creek, in the Stopping Place Parlor, a week from Sunday, immediately upon the conclusion of the baseball match.
ARTHUR WELLINGTON MOORE.

There was a strange incongruity in the two, and an unconscious challenge as well.

All next day, which was Saturday, and, indeed, during the following week, I stood guard over my notice, enjoying the excitement it produced and the comments it called forth. It was the advance wave of the great ocean of civilization which many of them had been glad to leave behind—some could have wished forever.

To Robert Muir, one of the farmers newly arrived, the notice was a harbinger of good. It stood for progress, markets and a higher price for land, albeit he wondered "how he was kept up." But his hard wrought, quick spoken little wife at his elbow "hooted" his scruples and, thinking of her growing lads, welcomed with un-mixed satisfaction the coming of "the minister." Her satisfaction was shared by all the mothers and most of the fathers in the settlement, but by the others, and especially by that rollicking, roistering crew, the Company of the Noble Seven, the missionary's coming was viewed with varying degrees of animosity. It meant a limitation of freedom in their wildly reckless living. The permit nights would now, to say the least, be subject to criticism; the Sunday wolf hunts and horse races, with their attendant delights, would now be pursued under the eye of the church, and this would not add to the enjoyment of them. One great charm of the country, which Bruce, himself the son of an Edinburgh minister and now secretary of the Noble Seven, described as "letting a fellow do as he blanked pleased," would be gone. None resented more bitterly than he the missionary's intrusion, which he declared to be an attempt "to reimpose upon their freedom the trammels of an antiquated and bigoted conventionality." But the rest of the Company, while not taking so decided a stand, were agreed that the establishment of a church institution was an objectionable and impertinent as well as unnecessary proceeding.

Of course Hi Kendal and his friend Bronco Bill had no opinion one way or the other. The church could hardly affect them even remotely. A dozen years' stay in Montana had proved with sufficient clearness to them that a church was a luxury of civilization the west might well do without.

Outside the Company of the Noble Seven there was only one whose opinion had value in Swan Creek, and that was the Old Timer. The Company had sought to bring him in by making him an honorary member, but he refused to be drawn from his home far up among the hills, where he lived with his little girl Gwen and her old half breed nurse, Ponka. The approach of the church he seemed to resent as a personal injury. It represented to him that civilization from which he had fled fifteen years ago with his wife and baby girl, and when, five years later, he laid his wife in the lonely grave that could be seen on the shaded knoll just fronting his cabin door the last link to his past was broken. From all that suggested the great world beyond the run of the prairie he shrank as one shrinks from a sudden touch upon an old wound.

Owensboro and Henderson Are Throwing Us Bouquets.

Predict Greater Progress for Paducah Than We Have Had.

Paducah on Tuesday voted \$150,000 bonds for streets, \$25,000 for a city hospital and \$25,000 for a new market house. In cities of Paducah's class, the abutting property owners are required to pay half of the street improvement. This means that next year Paducah will invest \$300,000 in good streets. Just watch that town! Between 1890 and 1900 it increased 52 per cent in population, more than any other city, save Memphis, in the south. It now has 25,000 people and is growing faster than ever. It is located so far away from any big city—227 miles from Louisville, 170 miles from St. Louis and a like distance from Memphis—that it has exceptional commercial advantages. It is already quite a metropolis and is constantly increasing in importance.—Owensboro Messenger.

Paducah's market is and has always been the city's greatest and most winning advertisement. Henderson has persisted in throwing away a similar opportunity. Will the new council persist as has been the case in the past? If Henderson had one-half the spirit possessed at Paducah she would have grown proportionately as that city has.—Henderson Gleaner.

IS STILL ALARMING

Conditions in the I. C. Yards Not Improved.

Man Sent Down From Louisville to Assist in Straightening Out Yards.

The condition of the I. C. Yards is no better today than yesterday and the company is beginning to send men here from other cities to assist in straightening out the yards.

Mr. U. L. Hurley, lately promoted to chief clerk in the yard department, resigned and was succeeded today by Mr. A. R. Crissie, of Louisville. Mr. Hurley has gone back to the position of train clerk and Mr. Crissie, who is an experienced yard man, will assist the new yardmaster, Mr. Kanelley, in relieving the situation.

There is some talk of getting Mr. R. S. Barrick, formerly general yardmaster here who resigned several weeks ago, to come back temporarily and clear the yards. Mr. Barrick is taking a vacation preparatory to going to Little Rock and is still in the city.

The early morning accommodation train No. 122 from Fulton to Louisville, was delayed nearly an hour this morning by freight blockades between here and Fulton. The freight trains are numerous on the roads and are on all sidings.

I. C. SHOPS DAMAGED

ABOUT \$1,000 LOST BY FIRE AT HENDERSON.

News of the partial burning of the I. C. shops at Henderson was received here yesterday. The blacksmith and tin shops were damaged to the extent of about \$1,000. Master Mechanic Barton, of this city, and officials from the Louisville and Evansville divisions are at Henderson looking after the matter.

AN OLD RAFT—A raft of logs containing about 15,000 feet of lumber was raised from the mouth of Cumberland river by Diver Falcon, of Chicago yesterday. It is claimed the logs were cut loose and sank in 1861, soon after the beginning of the war, and when located by the diver were buried under four feet of mud, which acted as a preservative. They were brought to the city and are said to be very fine for flooring and worth several hundred dollars.

METROPOLIS GETS NEW FACTORY—The Archibald Manufacturing Company, of Lawrence, Mass., has decided to locate at Metropolis for a year on trial. The concern makes spokes, hubs, rims and other things for their wagon factory. If the timber supply and other things prove satisfactory, a large building will be erected next year. At present the factory will occupy the old Whyers plow handle factory.

Lost Reason After LaGrippe.

Daughter Had Frequent Spasms.

Dr. Miles' Nerve Cured Them Both.

Dr. Miles' Nerve is a specific for nervous disorders. It removes the cause and cures a speedy and permanent cure.

"I feel it is my duty to let you know that your medicines have cured my little girl of nine, of spasms. She commenced having them at the age of three. Our family doctor said she would outgrow them but she did not. We took her to another physician who said her trouble was epileptic fits in a mild form. He did her no good either. She was so nervous she could hardly walk. As I had already used Dr. Miles' Nerve and found it a good remedy for myself I commenced giving it to my child. I gave her in all ten bottles of the Nerve and one of the Blood Purifier. That was over two years ago and she has not had an attack since we commenced the treatment. She is no longer troubled with nervousness and we consider her permanently cured. I enclose her picture. My mother-in-law lost her reason and was insane for three months from the effects of LaGrippe. Six bottles of Dr. Miles' Nerve cured her. My sister has also taken it for sick headache with good results. We all thank you very much for your good medicines and kind advice. I don't think there is any other medicine half so good. I send my daughter's photograph so that you may see what a sweet little girl lives out in Arkansas."—MRS. HANNAH BARKETT, Springdale, Ark.

The Pavonia went into Tennessee river yesterday after ties.

The Joe Fowler got away on time this morning for Cairo with a good trip.

The Summers went into Tennessee river yesterday for ties and is due out about Saturday.

Captain A. J. Powell, of the Barrett line of steamboats, is in the city today on business.

The Lula Warren is chartered out to Owensboro parties and is working on the Ohio near Evansville.

The Lyda is over due from the Tennessee river where she had gone after ties. She is expected in daily.

The I. N. Hook finished repairs yesterday and this morning left for Tennessee river after a tow of ties.

The Thomas Nevins arrived last night from Memphis where she last week took a tow of coal. She has been several days overdue.

The work of overhauling the Russell Lord has been finished and the boat is ready to go out as soon as there is water enough.

The Inverness is preparing to go out for Tennessee river. The Pavonia and Inverness are the only Ayer & Lord boats being used at present.

The Castalia is the only Ayer & Lord boat not ready for service. A few finishing touches to her remain to be put, and this will be completed by Saturday.

The Key City left this morning for Cumberland river after a tow of ties for the Standard Tie company. There are but few boats entering this river and they are of the smaller type.

The Memphis and Tennessee river packets will be ready to resume running in that trade when the water is high enough. They will be started out about the first of next month.

The Thomas Parker is laying up until there is water enough to pass Trade water. She is a small boat but draws a great deal of water for her size and the owners did not care to risk it with so little water.

News of the death of Pilot Mont Davis in the United States sanitarium at Fort Stanton, was received here last night. He was a popular pilot and was well known here by the river men in general.

The Richardson got in last night from Evansville, having been able, after much difficulty, in passing Trade water. The river will not fall any more, it is thought, and the plan of transferring at Tradewater by the management of the Evansville Packet company, has been abandoned. The Dunbar will not get back here before tomorrow so there will be no Evansville packet today.

Theatrical Notes.

Gustave Lunders, the composer and Frank Pixley, the author of "The Burgomaster," the big musical comedy which will be seen at the Kentucky tomorrow night are both Germans. Perhaps that explains why they have been able to put on the stage such a delightful character as "The Burgomaster," which exhibits the funniest kind of wit and humor, without a trace of vulgarity. While "The Burgomaster" was playing a run in Chicago a short while ago, Pixley and Lunders both attended a performance and both had to stand up to see this, their favorite opera. After the performance Pixley approached Oscar L. Figman, who is playing the character of the Burgomaster and said: "Oscar, you play the Burgomaster better than any actor I have yet seen in the part. You bring out what all the rest of them forget—the pathos of the character." The sale of seats for "The Burgomaster" opened this morning with a rush.

Manager J. E. English, of the Kentucky, has booked by wire the "Mr. Peck and His Mother in Law" company for the 24th inst. It is a musical comedy on the order of "Mr. Jolly of Joliet" and is said to be something fine, with nearly forty in the cast.

One of the most massive productions of the season is Lorrimer Stoddard's romantic drama, "In the Palace of the King," which Miss Helen Grantley and her excellent company will present here shortly.

Mr. C. B. Livingston, of the Van Dyke Eaton company, which is to be here all next week, is in the city arranging for the appearance of his company.

Miss Blanch Walsh, in the "Resurrection," will be here January 28th. She has been booked and will certainly appear here.
